

6516207987.txt

XM radio provides me hours and hours of listening enjoyment. I do not have to switch channels every two minutes because of endless commercials. XM Instant Traffic & Weather saves me even more time by tuning to the channel & hearing the information I want & need.

Please reject the NAB's petition 04-160. I beg you to support hours of commercial free radio. You won't regret it.

Thank you for your time,  
Amy Beyer
